

### GREENVILLE TOOL & DIE HAS PLENTY OF HIGHLY SKILLED CRAFTSMEN

Greenville Tool & Die mobilized the small army pictured to complete these series of upper and lower dies. Thank you to everyone involved including Program Manager; Jim Buskirk, Die Leader; Dave Bean, Design Leader; Brian Schmid, Tool & Die Designers; Kevin Coon and Cory Selleck, Tool & Die Makers; Brian Lake, Drew Nielsen, Gabe Linder and Zach Winters, CNC Machinist; Don Orr, Bill Draper and Chris Bannen; Die Maker Assistants; Jason Hall and Jim Denevan, Apprentice Tool & Die Makers; JW Hansing, John Meyer and Jeremy Payne. Together these men did an exceptional job designing and building the tooling used to create variations of high quality front bumpers.

## THE OWNERSHIP ADVANTAGE

Greenville Tool & Die is an employee owned company since 2005. Employee ownership is a different way of doing business. Ownership is about going above and beyond the call of duty to make our company successful. It is also about sharing in the financial rewards that success brings. Employee ownership closes the loop between employees and owners, creating a powerful dynamic that benefits our people, our customers, and our community.

As an employee, you contribute your effort, your ideas, and your teamwork every single day. Your work, combined with the work of your fellow employee-owners, drives company performance and increases the value of our business. This value flows back to you as an owner through an increased share price. Because we are all owners, increased company performance turns into dollars in the bank for everyone. The more that each of us can do to make our company successful, the better off we will all be financially. That's the ownership advantage.
