

NEW JOURNEYMAN ALERT

Tool & Die Fun Fact

In high-speed machining, the spindle can rotate so fast that the tip of the tool is moving over 150 miles per hour

2ND QUARTER SERVICE AWARDS

We would like to congratulate the following employees for reaching service milestones:

John Lepley.....	5 years
Kyle Noble.....	5 years
Ted Grant.....	5 years
Blake Shotko.....	10 years
Josh Johnson.....	10 years
Josh Brewington.....	15 years
Matt Edwards	15 years
Cory Selleck	20 years
Nate Akin.....	30 years
Brian Schmid.....	30 years
Nick Feuerstein.....	30 years

Achieving a journeyman card is no small feat. It requires years of dedication, including coursework at Montcalm Community College and more than 8,000 hours of hands-on training and experience. Congratulations, we are so proud to have you on our team!

BEHIND THE SCENES

Stoning might look simple, but it takes patience and a trained feel to get it right. Stoning is the process of using a fine abrasive stone to smooth, refine, or remove small imperfections from metal surfaces. Above is Ryan Woods performing this finishing step on a die.
